2. These Rules are the 17th Edition, effective January 1<sup>st</sup>, 2024. All previous editions are superseded and are null and void.
3. The Rules will be updated annually, and it is the responsibility of BEV Members to be familiar with current Rules and updates.
4. The Management Committee reserves the right to make, remove or amend the Rules at any time

by Committee decision and will notify Club Secretaries and/or Members in writing of any changes.

5. The Rules govern all Events.
6. Every eventuality cannot be provided for in the Rules. In any unforeseen or exceptional circumstances, it is the duty of the Management Committee or Ground Jury to make a decision based on common sense and fair play thus reflecting as closely as possible the intention of the Rules and the rules of the FEI.
7. Rule clarification at National Competitions and Championships must be dealt with by the Management Committee present on the day (by telephone to obtain a quorum if necessary)
8. All international competitors must be familiar with the FEI Statutes, General Regulations and detailed Rules for FEI vaulting events. These must be read in conjunction with the FEI 'Guidelines' and 'Code of Points' for Compulsory, Free Test and Technical Test exercises.
9. The Rules are intended to standardise the discipline (provide a fair playing field) and to draw attention to and accommodate the special conditions within GB.
10. The Rules do not exclusively relate to National Competitions and some Rules, particularly with regard to conduct and discipline, will be effective at all times and in any circumstances, with regard to members of BEV, where the sport could be brought into disrepute.
11. In all matters governing BEV Events, these Rules will take precedence over the FEI Rules.
12. CVIs will run under FEI rules.

## Code of Conduct

The highest standards of nutrition, health, sanitation, and safety shall be encouraged and maintained at all times with adequate provision made for ventilation, feeding, watering and maintaining a healthy environment during transportation.

5. Fair competition, respect, friendship, team spirit, equality, sport without doping, respect for written and unwritten rules such as integrity, solidarity, tolerance, care, excellence and joy, are the key pillars of fair play that can be experienced and learnt as a part of BEV. The Management Committee reserves the right to take action against any person considered in breach of these key pillars.
6. The national and international rules and regulations in equestrian sport regarding the health and welfare of the horse must be adhered to at all national and international events and during training.

## Article 17 Equipment for the Vaulting Horse

All equipment must be used without changing the purpose of its manufactured state. The use of any other equipment than described below, may entail elimination.

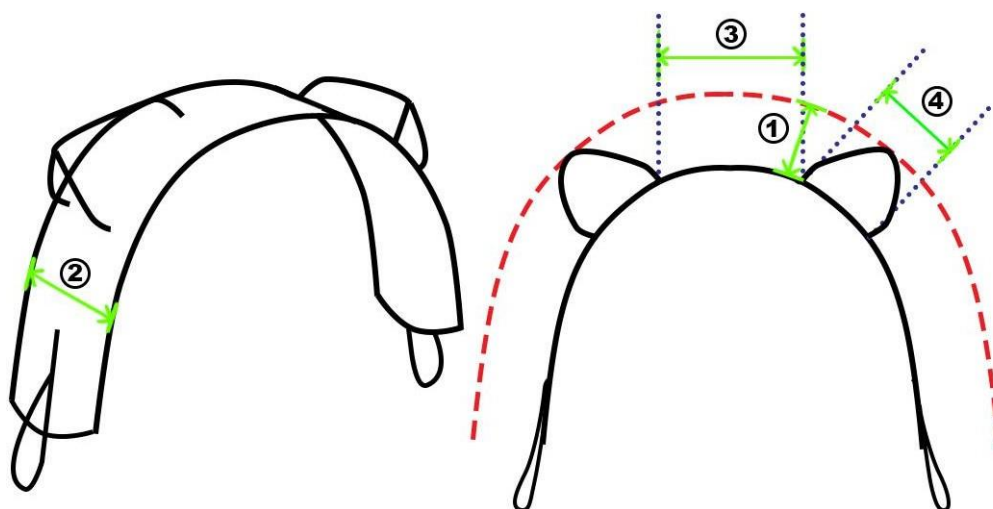

The equipment in the Competition Arena will be as follows:

1. Bridle with noseband.
  - 1.1. Except for the buckles and padding the bridle and noseband must be made entirely of leather or leather-like material. Padding is allowed on bridles. Nylon or other non-metal material may be used to reinforce leather in the headstall but must not be in direct contact with the horse. Elastic inserts are permitted in the crownpiece and cheek pieces only and must not be in direct contact with the horse or the bit.
  - 1.2. A browband is required, and except for the parts that attach to the bridle, is not required to be made of leather or leather-like material.
  - 1.3. The crownpiece of the bridle must lie immediately behind the poll and may extend forward onto the poll but must not be fitted to lie behind the skull.
  - 1.4. A throatlash is required except when the combined noseband or Micklem bridle are used.
  - 1.5. At any level of competition, a noseband may never be so tightly fixed that it causes harm to the horse and must be checked as per the FEI Stewards Manual noseband protocol.
  - 1.6. A plain snaffle bridle is required to be used with a regular cavesson noseband, a dropped noseband, a flash noseband, a crossed noseband, a combined noseband or a Micklem or similar design of bridle.
  - 1.7. Nosebands must be flat. Leather, sheepskin or similar material may be used on any part of the bridle providing the material does not exceed three centimetres in diameter measured from the horse's skin.

Bits must be made of metal, rigid plastic, or durable synthetic material and may be covered with rubber/latex. Bits must not place mechanical restraint upon the tongue. The diameter of the mouthpiece of the snaffle must be such so as not to hurt the Horse. Snaffles must have a minimum diameter of twelve millimetres (12 mm) for horses and ten millimetres (10mm) for Ponies. The diameter of the mouthpiece is measured adjacent to the rings or the cheeks of the mouthpiece.
  - 2.1. Snaffle bits may be used with loose ring, D-Ring, and Eggbutt cheeks. Single or double jointed snaffles may also be used with upper or lower cheeks, or full cheeks. Loose rings may have a sleeve fitted around part of the ring.
  - 2.2. Flexible rubber or synthetic mouthpieces are permitted. Unjointed mouthpieces must be flexible.
  - 2.3. A snaffle may have up to two joints. A barrel or ball joint is permitted as the centre link in a double-jointed snaffle, however, the surface of the centre piece must be solid with no moveable parts other than a roller. The centre link may be tilted in a different orientation from the mouthpiece but must have rounded edges and may not have the effect of a tongue plate.
  - 2.4. A double jointed snaffle or snaffle with rotating mouthpiece may be shaped to allow tongue relief. The maximum height of the deviation is 30mm from the lower part of tongue side to the highest part of the deviation. The widest part of the deviation must be where the mouthpiece contacts the tongue and must have a minimum width of 30mm. The mouthpiece of a jointed or unjointed snaffle may be shaped in a curve within the dimensions specified above.
3. Rubber bit guards are permitted.
4. Lunge cavessons may be used instead of a bridle. They can be used with or without a snaffle. If used with a snaffle they must adhere to the rules above.
5. Two side reins, or draw reins (running reins), are permitted. Draw reins are attached from the surcingle through the bit rings back to the surcingle on the same side. The distance between the two attached points (top and bottom) on each side of the surcingle must not be greater than 40 centimeters. The draw reins must be adjustable only as per manufacture and any homemade modification of the adjustments of the draw reins (for example making a knot) is not permitted.

Standing reins or auxiliary reins are not permitted.

6. Vaulting surcingle with underpad and girth. (description and Measurements, see diagram). Under the girth an underpad and/or pieces of sheepskin may be used for skin protection. The surcingle has two solid handles with two loops, one on each side. One short extra strap made of leather, may be fixed between the inner edges of the right and left handle. This strap may be wrapped with material suitable to provide protection from injury.

8. Bandages and/or brushing/overreach boots are optional. Hoof boots are allowed.
9. Ear hoods and plugs are permitted for all Events and may also provide noise reduction and must allow the ears to move freely. Ear hoods must not cover the horse's eyes. The ear hoods should be discreet in colour and design. Ear hoods may not be attached to the noseband.
10. Back pad is mandatory and must be made out of a material which conforms itself to the Horse's back and reduces the impact of external forces (by the Vaulters). One gel pad is allowed in addition to the back pad.
11. The back pad, which may be checked by the Steward and/or a Judge at any time on the Horse must

have the following dimensions: non-compliance will result in elimination from the competition.

- Double lunge/long reining is allowed, when the lunge line is attached in a way that it is only being used as a long rein (attached to the ring of the bit). A double lunge line may not be used as a draw rein.

**14.** The equipment may be changed for the Compulsory test, Free test or Technical test, 1st and 2nd round.

## CHAPTER IV TIMING AND SCORING

### Article 22 Timing/Bell

1. Within 30 seconds after the signal (bell) is given to enter the arena competitors must salute.
2. Before beginning the performance, the horse should move out onto the circle. The lunger may lead the horse out but this will earn a lower score. It is permitted for the horse to halt, walk and/or canter before showing the trot round. The horse must show a minimum of a quarter of a circle in working trot to be assessed by the judges. Judge A rings the bell when the horse is assessed fit to compete. At the latest 30 seconds after the bell following the trot, the first exercise must begin.
3. The time allowed for the Individual Free Test begins when the vaulter touches the surcingle, the pad or the horse and ends with the time limit. When a mount is in halt, walk or trot, the time starts when the vaulter is on the pad and the horse is in the correct pace for the Test. The judging ends when the vaulter touches the ground after the final dismount. Only exercises already in progress when reaching the time limit may be finished and will be included in the evaluation for Technique and Artistic Scores.
4. The time allowed for the Squad, Trio or Pas de Deux Free Test begins when the first vaulter touches the surcingle, the pad or the horse and ends with the time limit. When a mount is in halt, walk or trot, the time starts when the first vaulter is on the pad and the horse is in the correct pace for the Test. The judging ends when the last vaulter touches the ground after the final dismount. Only exercises already in progress when reaching the time limit may be finished and will be included in the evaluation for Technique and Artistic Scores.
5. For Individuals there is no time limit for the Compulsory Test. If more than one vaulter is starting on the same horse, the next vaulter begins his performance immediately after the Vault-Off of the

previous vaulter without waiting for a signal.

6. A bell is used by the Judge at A to signal to the competitors. It is used on the following occasions:
1. To give the signal for the Competitor(s) to enter the arena (Judge at A should stand up). This may be before the previous horse has exited the arena.
  2. To give the signal to start the Test.
  3. To interrupt the Test to solve any issue with the music (music not starting etc.)
  4. To announce the end of the time allowed
  5. To signal that the time and music is stopped after a fall and the Vaulter is unable to continue immediately or to return to the line. The Test must be continued within 30 seconds after the signal to resume.
  6. To give the signal to stop a competitor or Performance when the horse shows any signs of irregularity or lameness. Side reins or draw reins (running reins) may be removed and the horse re-assessed on the trot circle. If the judge terminates the performance, then the horse may not be re-presented in the competition arena on that day.
  7. To give the signal to stop a competitor or Performance when the horse is a danger to the vaulters.
  8. To give the signal to stop a competitor or Performance in unforeseen circumstances, this includes repair or adjustment of equipment, or any other situation requiring immediate attention. The timing and the music is stopped. The Test must be continued within 30 seconds after the signal to resume.
  9. To give the signal by prolonged and repeated ringing that the Competitor has been eliminated.
  10. After an interruption, the clock starts again when the vaulter touches the surcingle, the pad or the horse.
  11. In unclear situations the Judge at A, the lunger and/or the vaulter may communicate.
7. Maximum time limits for compulsories and freestyle are shown in the table below:

	<b>Compulsories</b>	<b>Freestyle</b>	<b>Technical Test</b>
<b>Squad 3*,2*, Junior Squad 2*</b>	6 minutes	3.5 minutes	NA

<b>Pas de Deux 2*</b>	N/A	1.5 minutes	NA
<b>Pas de Deux 1*</b>	N/A	1.5 minutes	NA
<b>2*, 1* and Novice, Individuals</b>	No limit	1 minute	NA

## Article 24 Horse Score

1. Judging of the horse begins with entering the arena and ends with the final dismount.

3. For criteria for scoring the horse in canter classes, see FEI Guidelines.
4. See Appendix A for the criteria for scoring the Horse in Walk.

## Article 25 Exercise Score

1. In the Compulsory Test, all required exercises get a score.
2. In the Technical Test, the required technical exercises get a score. The performance of additional exercises will be scored separately.

For criteria for scoring the exercises see FEI Guidelines.

## Article 26 Technique Score

1. In the Technique Score the Difficulty (if demanded in the test) and the quality of the Free Style Exercises (the Performance) are scored.

- Judges scoring Technique must write down the degree of difficulty of all exercises in 2\* and 3\* classes and their performance deductions on the score sheet.

For criteria for scoring the Technique see FEI Guidelines.

### Article 27 Artistic Score

In the Artistic Score the structure and the choreography of the test will be scored.

For criteria for scoring the Artistic see FEI Guidelines.

1\*, 2\*, 3\* will be judged as per FEI guidelines. All other classes will be judged according to FEI child 1\* guidelines.

## CHAPTER V SQUAD VAULTING COMPETITION

### Article 28 General

- A Walk, C/W, Novice and 1\* Squad is composed of four, five or six vaulters accompanied by the lunger and horse (and assistants as required).
- A 2\* and 3\* Squad is composed of six vaulters.

- 1\* and Novice Squads shall follow FEI rules for 1\* Squad (apart from mounts in Novice)
- Walk and C/W Squads shall follow BEV Rules.
- Vaulters may vault in a maximum of two Squads at the same or different levels, but each Squad must have less than 50% vaulters from another Squad.
- The Squad vaulting competition consists of two Tests, the Compulsory Test and the Free Test. Walk squad consists of Free Test only.
- All vaulters must perform all tests. When squads are less than six vaulters the compulsories will be averaged by the number of vaulters present. In the Free Test, for each vaulter less than six there will be a deduction of one mark in the Artistic score.
- The Compulsory Test and the Free test must be separated by an interval of at least one hour except for C/W squads where the Free Test may follow immediately on from the Compulsory Test.
- The mount in the Compulsory Test is not scored in C/W or Novice Squads. It is recommended that an assistant be present to help vaulters mount. Deductions of -1 in basic seat will be made for:
  - Taking more than four strides to begin seat astride after leaving the ground. This is to ensure the welfare of the horse.
  - Mounting with poor technique that adversely affects the horse.
  - Not mounting in the prescribed pace (must be trot or canter in Novice).

8. Competing H.C. excludes the vaulter from being placed in results, receiving prizes, being awarded titles or gaining points for rankings. H.C. results can count to gain international qualification scores for horse or vaulter, and one H.C. entry can count towards qualification for a title at the British Championships for a vaulter.

Quality of the Walk	Rhythm, regularity	A1	25%
	Relaxed outline, accepting a good contact with the bit	A2	25%
Vault-ability of the	Obedience & circling	A3	25%
Horse	Lunging	A4	20%

**Walk Definition**

Medium walk is a free and unconstrained walk. The horse should walk with energy and with calm, even and regular steps, distinctly marking four equally spaced beats. The sequence of legs is left hind, left fore, right hind, right fore with no moment of suspension. The horse should keep a light and steady contact with the mouth.

## **Appendix B (update June 2024): Guidelines for BEV Classes - L1(a), L1(b), L2(a), L2(b), Pre-Novice and Novice Compulsories**

### **Compulsory Test L1 (a & b) (Rein of Your Choice)**

#### **Mount and Dismount in any pace, not scored**

L1(a) Test performed in walk. L1(b) Test performed in canter

1. Basic Seat (Arms by sides, palms in, fingers straight and together)
2. Bench
3. Leg over the neck to side-saddle seat and back to the count of FIVE walk steps/canter strides

#### **1. Basic Seat**

Essence, Mechanics and Reference scores as in FEI Guidelines but without raised arms.

#### **2. Bench**

As in FEI Guidelines for FLAG without raised arm or leg

#### **3. Leg over the Neck to side saddle seat**

Each leg to the count of FIVE walk steps/canter strides

#### **Essence:**

Harmony with the Horse, Body Control and Posture, Flexibility

#### **Mechanics:**

Leg over the neck is a training exercise towards full mill. It is an exercise in which the Vaulteer never abandons the seat position in any phase.

**Reference scores:** As in FEI Guidelines for leg raises as in mill

Each leg, starting with the outside leg, is stretched and carried over the Horse in a high, wide arc passing the first handle to the opposite side of the neck, ending in a position with the leg bent round and in front of the second handle. (If the leg cannot physically bend round the handle it should rest on the handle in a straight position with pointed foot). The opposite leg remains stationary, down and in contact with the Horse. The upper body stays erect, centred, and nearly vertical in all phases. The shoulders should stay in line with the moving leg ending the first phase at a 45° angle to the Horse's spine. The leg then returns to its original position in seat astride. The timing is to the count of FIVE walk steps/canter strides. This is repeated with the other leg without pausing. The exercise is finished with the outside leg being taken over to the inside in a high arc followed by a simple dismount to the inside. The dismount is not scored.

#### **Deductions:**

**1 point** • For rhythm failure throughout the leg movements (not -1pt per leg)

**Free test in walk. 45 seconds. See Rule 22.3.** (Free/unassisted jumps on the horse NOT allowed – will incur elimination)

**Compulsory Test L2 (a & b) (Rein of Your Choice)****Mount and Dismount in halt or walk, not scored**

Test performed in walk for a & b. As described in FEI Guidelines but mill to count of FIVE walk steps

1. Basic seat
2. Flag
3. Stand
4. Mill (to the count of FIVE walk steps)

**L2(a) Free test in walk. 45 seconds.** See Rule 22.3. (Free/unassisted jumps on the horse NOT allowed – **will incur elimination**)

**L2(b) Free test in canter. 45 seconds. See Rule 22.3**

**Compulsory Test Pre-Novice (PN) (Rein of your choice)****Mount and Dismount, in any pace, not scored**

Test performed in canter

1. Basic Seat
2. Flag without arm. Return to bench before seat astride
3. Leg Changes (to count of FIVE)

**1. Basic Seat**

Essence, Mechanics and Reference scores as in FEI Guidelines

**2. Flag Without Arm, (Return to Bench then seat astride)**

Essence, Mechanics, Reference scores and Deductions as in FEI guidelines.

**3. Leg Changes to count of FIVE canter strides****Essence:**

Harmony with the Horse, Body Control and Posture, Flexibility

**Mechanics:**

Leg over the neck is a training exercise towards full mill. It is an exercise in which the Vaulters never abandons the seat position in any phase.

**Reference scores:** As in FEI Guidelines

Each leg (phase) **starting with the outside leg**, is stretched and carried over the Horse in a high, wide arc over the surcingle (like a semi-circle). The resting leg remains stationary, down and in contact with the Horse. The upper body stays erect, centred, and nearly vertical in all phases. The timing is to the count of FIVE strides for each leg arc. Phase 1 ends with the Vaulters sitting in a sideways seat, inside position, facing at a right angle to the shoulder axis, legs together and in contact with the Horse. The leg then returns to seat astride to complete phase 2. Phases 1 and 2 are repeated immediately with the other leg.

The exercise is finished with the outside leg over to the inside and simple dismount. (not scored)

**Deductions** as in FEI for Mill.

**Free Test in canter. 45 seconds. See Rule 22.3. Mounts and Dismounts in any pace, not scored.**

### **Compulsory Test Novice (N) (Rein of Your Choice)**

Test performed in canter

1. Basic Seat
2. Flag (No deduction for arm raised after leg) No return to seat astride
3. Free Kneel (arms raised)
4. Swing forward (legs may be open or closed)
5. Leg Changes to the count of FOUR, with simple dismount to the inside in canter (scored with leg changes).

Mount in trot or canter may be assisted and is not scored separately. See Rule 34.5

#### **Deductions :**

- 1 pt off basic seat (1 deduction only)
- For not mounting in trot or canter and/or
  - For taking more than four strides to mount and/or
  - For mounting in a way that disturbs the horse

### **5. Leg Changes in rhythm of four canter strides with simple dismount to the inside**

#### *Essence:*

Harmony with the Horse Seat, Posture, Suppleness, Scope and Timing

#### *Mechanics:*

Leg changes is a training exercise towards full Mill. It is an exercise in which the Vaulters never abandons the seat position in either phase.

Each leg (phase) **starting with the outside leg**, is stretched and carried over the Horse in a high, wide arc over the surcingle (like a semi-circle). The resting leg remains stationary, down and in contact with the Horse. The upper body stays erect, centred, and nearly vertical in all phases. The timing is FOUR strides for each leg arc. Phase 1 ends with the Vaulters sitting in a sideways seat inside position, facing at a right angle to the shoulder axis, legs together and in contact with the Horse. The leg then returns to seat astride, then same then with the inside leg without pausing. The exercise is finished with the outside leg over to inside and simple dismount.

Each leg arc is performed in a FOUR-stride count.

**Deductions** as in FEI for Mill.

**Free test in canter. 1 minute. Scored as 1\* except for mount. Mounts may be assisted in trot or canter. See Rule 36.6 (a). Dismount must be in canter.**
